'Thoughts for the near future'

If you are growing plants from seed, splitting perennials or have taken cuttings and you have more than you need, would you please consider donating your 'spares' to the Malthouse garden? We have veg and flower seeds to sow when temperatures permit, but it is a large garden and there will still be spaces to fill. The lads are working really hard to make their garden attractive and useful this year. Their enthusiasm is great but funds are not. So if you can possibly help we'd be very grateful and I would be delighted to hear from you.

Thanks
